APWA Gives Back:

"Feeding Those in Need since 1975"

We have faithfully served our community for nearly half a century. As a proud nonprofit agency, we provide emergency food aid to our neighbors in need, committed to easing the burden of food insecurity in our community. The heart of our organization is our amazing group of over 200 volunteers who tirelessly give their time and energy. Our volunteers contribute more than 30,000 hours annually to collect and distribute food to those in our community suffering from food insecurity. Every week, more than 20 tons of food is distributed to those in need. Notably, 40% of the individuals we serve are children, our precious resource, and the future of our community.

Please consider donating today!

Thank You!
